

Name: Abdoljalil Kalantar Hormozi , MD

Academic Rank: Professor **Department:** Plastic and Reconstructive Surgery **Institution:** Shahid Beheshti University of Medical Sciences, Tehran, Iran

Email: kalantarhormozi@sbmu.ac.ir

Education:

@ 1988-1998

Plastic and Reconstructive Surgery, subspecialty ,Iran University of Medical Sciences,served as senior resident for one year

- 1983-1987: General Surgery, Faculty of Medicine, Ahvaz University of Medical Sciences (Ranked first in the national board exams; served as senior resident for one year).
- 1976-1983: General Medicine, Faculty of Medicine, Ahvaz University of Medical Sciences (Graduated with honors).
- 1976: Graduated from Bozorgmehr High School, Ahvaz, ranked first (top student).

Visiting Scholar Programs:

- 2005: Research Fellowship in Craniofacial Plastic Surgery, Yale University, USA.(John Arthur persing)
- 2004: Advanced Training in Craniofacial Surgery, Munich, LMU Germany.

- 1993-1994: Advanced Training in Craniofacial Surgery, France(Paul tessier Department, Rolu , Henri Mondore Hospital, Francis Tulane , Blomet Clinic ●
- 1993: Advanced Training in Craniofacial Surgery, England ,(Norman Waterhouse & Barry Jones),Charing cross ,Chelsea & westminster, great ormond Hospital

Significant National Achievements

- 2017: Founded "Marham," a national charity providing free medical services in underserved areas.

@ Introduction of a Disposable Cold-Light Retractor for Plastic Surgery Applications

- 2014 : Invented a single-use cold light retractor for plastic surgery procedures.
- 2013: Launched the first post-fellowship training program in craniofacial surgery in the country and region.
- 2012: Headed the team performing the first hand transplantation from a brain-dead donor.
- 2008: Established the first specialized volunteer plastic surgery group providing services to underserved regions.
- 2007: Led the team that developed the strongest tissue adhesive derived from the patient's own blood.
- 2005: Launched the first independent cosmetic surgery department in an academic medical center.
- 1996: Established the first multidisciplinary craniofacial surgery team at Shahid Beheshti University of Medical Sciences.
- 1996: Performed the first hand replantation surgery in Khuzestan Province.

Articles in Domestic Journals:

1. Evaluation of Tissue Expansion Methods in Craniofacial Surgeries
a. Kalantar-Hormozi A, Rasti M. Iranian J Plast Reconstr Surg. 2012.
2. Study of Post-Surgical Aesthetic Outcomes in Rhinoplasty Patients
a. Kalantar-Hormozi A, Motamed S. Iranian J Plast Surg Res. 2012;9(4).
3. Use of Medical Leech Therapy for Facial Reconstructive Surgeries
a. Kalantar-Hormozi A, Shahverdiani R. Iranian J Plast Reconstr Surg. 2011;7(5).
4. Bacterial Infections in Post-Craniofacial Surgeries: Case Study
a. Kalantar-Hormozi A, Zali A, Motamed S. Pejouhandeh Med J. 2010;8(3).
- .5. Epidemiology of Maxillofacial Trauma in Urban Accident Cases
a. Kalantar-Hormozi A, Mozafari N. Iranian J Trauma Surg. 2003;11(5).
(2).
6. Reconstructive Techniques for Thalassemia Patients with Facial Deformities
a. Kalantar-Hormozi A, Zali A, Matamed S. Thalassemia J. 1997;3.

70. Rare Case of Facial Duplication – Surgeons Society Congress, May 8, 2017, Tehran.

71. Introduction of Hydrodissection and Hydroexpansion Technique in Plastic Surgery – Surgeons Society Congress, May 8, 2017, Tehran.
72. Dr. Kalantar Hormozi: New Method in Trigenocephaly – Surgeons Society Congress, May 6, 2018, Tehran.
73. Dr. Kalantar Hormozi: Video Presentation of Cleft Lip Surgery – Surgeons Society Congress, May 6, 2018, Tehran.
74. Dr. Kalantar Hormozi: Panel Member on Surgical Complications (Prevention and Treatment of General and Specific Complications in Plastic and Aesthetic Surgeries) – Surgeons Society Congress, May 7, 2018, Tehran.
75. Surgical Stages in Craniofacial Syndromes – 42nd Annual Congress of the Iranian Surgeons Society, May 6, 2018.
76. Nasal Flaring in Rhinoplasty – 42nd Annual Congress of the Iranian Surgeons Society, May 6, 2018.
77. Dr. Kalantar Hormozi: Panel Member on Medical Ethics – Surgeons Society Congress, May 7, 2018, Tehran.
78. Sliding Bone Flap for Correction of Plagiocephaly – Surgeons Society Congress, June 2019, Tehran.
79. Educational Tips on Direct Admission Methods in Plastic Surgery – Seminar on New Educational Strategies for Plastic Surgeons in Comparison with Global Standards, February 2022, Tehran.
80. New Concepts in Endonasal Rhinoplasty and Closed Rhinoplasty – Refresher Course on Endoscopic Surgery and Basic Rhinology at Kermanshah University of Medical Sciences, June 15, 2022, Kermanshah.
81. Simplified Skull Surgery Methods in Iran – One-Day Seminar on Craniosynostosis Surgery, February 19, 2024, Tehran – 15 Khordad Hospital.

Participation in panels and committees

1. Executive Board - Annual Congress of Plastic Surgeons of Iran – May 2002
2. Maxillofacial Trauma Panel – Annual Congress of Plastic Surgeons of Iran – May 2002
3. Maxillofacial Aesthetic Surgery Panel – Annual Congress of the Iranian Society of Plastic Surgeons – May 2003
4. Cleft Lip and Palate Panel – Panel Member, Annual Congress of Plastic Surgeons of Iran – May 2006
5. Skull, Jaw, and Facial Surgery Panel – Panel Chair, Annual Congress of Plastic Surgeons of Iran – May 2006
6. Cleft Lip and Palate Surgery in Children Panel – Panel Member, Annual Congress of Pediatric Surgeons of Iran – May 2006
7. Breast Reconstruction After Mastectomy in Breast Cancer Panel – One-Day Seminar on Breast Surgery – November 2006
8. Complications in Plastic Surgery Panel – Annual Congress of the Iranian Society of Plastic Surgeons – May 2007
9. Laser in Medicine Panel – Research Center for Laser Applications in Medicine, Shahid Beheshti University of Medical Sciences – June 14, 2007
10. Invited Speaker: Iran's First International Conference on Biomaterials, November 21-24, 2007, Tehran University of Medical Sciences, Iran
11. Invited Speaker - Panel Moderator: Seminar on How Media Program Developers Approach Plastic Surgery – Islamic Republic of Iran Broadcasting, July 2008
12. Organ Preservation in Head and Neck Cancer Panel – Panel Member, Head and Neck Cancer Congress, January 2009
13. Maxillofacial Trauma Panel Chair – Oral and Maxillofacial Surgeons Congress, June 2010
14. Executive Board Member, Maxillofacial Trauma Symposium, October 2010

15. Moderator of the Hard Tissue Trauma Panel, Maxillofacial Trauma Symposium, October 2010
16. Thick Skin Nose with or without Deviation Panel Member, Advanced Rhinoplasty Congress, Organized by the Iranian Society of Plastic Surgeons, October 29-30, 2010
17. Scientific Committee Member for the Maxillofacial Trauma Symposium, October 2010
18. Scientific Committee Member for the Advanced Rhinoplasty Congress, October 2010
19. Panel Member on Disagreements in the Treatment Management of Cleft Palate, National Cleft Lip and Palate Conference, October 2010
20. Executive Board Member for the National Cleft Lip and Palate Conference, October 2010
21. Member of the Scientific Committee of the Sixth Annual Congress of the Iranian Cancer Society, November 26-28, 2010 – Tehran
22. Chair of the Breast Reconstruction Considerations Panel, Sixth Annual Congress of the Iranian Cancer Society, November 27, 2010 – Tehran
23. Moderator of the Congenital Craniofacial Anomalies Panel, Annual Congress of the Iranian Surgeons Society, May 2011
24. Moderator, AOCMF Principles Course with an Advanced Workshop on Navigation, Imaging, and Orbit, June 8-10, 2011, Isfahan, Iran
25. Member of the Scientific Committee for the International Congress of Craniofacial Surgery, June 18-20, 2011 – Isfahan
26. Panel Member, The 5th International Congress of Advanced Rhinoplasty, November 17, 2011, Tehran – Iran
27. Executive Board Member of the Annual Congress of the Iranian Society of Plastic Surgeons, May 2012
28. Moderator of the Craniofacial Panel, Annual Congress of the Iranian Society of Plastic Surgeons, May 2012

29. Chair of the First Seminar and Specialized Workshops on PRP, Iranian Sports Physicians Association, Imam Khomeini Hospital Complex, July 22-23, 2012
30. Moderator of the Surgical Challenges in Breast Reconstruction Panel, Seventh Annual Congress of the Iranian Society of General Surgeons, Razi Conference Center, September 31, 2012
31. Executive Board Member of the Annual Congress of the Iranian Society of General Surgeons, Razi Conference Center, September 31, 2012
32. Cancer Screening Panel in Iran, Member of the Annual Congress of the Iranian Cancer Society, January 1, 2013 – Tehran
33. Member of the Craniofacial Surgery Panel at the Annual Congress of the Iranian Society of Plastic Surgeons, May 2013
34. Executive Board Member of the Annual Congress of the Iranian Society of Plastic Surgeons, May 2013
35. Member of the Scientific Committee for the International Conference on Nasal Plastic Surgery, November 1-3, 2013 – Tehran, Iran
36. Member of the Scientific Committee for the Peri-orbital Rejuvenation Congress, January 25-27, 2014 – Tehran, Imam Hall, Tehran University of Medical Sciences
37. Member of the Blepharoplasty Panel at the Peri-orbital Rejuvenation Congress, January 25-27, 2014 – Tehran, Imam Hall, Tehran University of Medical Sciences
38. Member of the Cleft Lip and Palate Surgery Panel at the Annual Congress of the Iranian Society of Plastic Surgeons, May 2014
39. Member of the Craniofacial Panel at the Annual Congress of the Iranian Society of Plastic Surgeons, May 2015
40. Member of the Scientific Committee for the Ninth International Congress on Aesthetic and Plastic Surgery of the Face and Body, October 30 - November 2, 2015 – Milad Hospital - Tehran

41. Member of the Rhinoplasty Panel - Ninth International Congress on Aesthetic and Plastic Surgery of the Face and Body, October 30 - November 2, 2015 – Milad Hospital – Tehran
42. Chair of the Patient Preoperative Assessment Panel for Aesthetic Rhinoplasty – Ninth Advanced Rhinoplasty Congress – November 2016 – Tehran
43. Chair of the Panel on Changes in Rhinoplasty Practices Over the Past Five Years - Ninth Advanced Rhinoplasty Congress – November 2016 – Tehran
44. Member of the Cleft Palate Surgical Techniques Panel at the Annual Congress of the Iranian Society of Plastic Surgeons, May 2017
45. Member of the Botox Applications and Complications Panel - Annual Congress of the Iranian Society of Plastic Surgeons, May 2017
46. Member of the Executive Committee for the International Congress of Renowned Plastic and Aesthetic Surgeons – November 2-5, 2017 – Tehran
47. Member of the Executive Committee for the Second International Congress of Renowned Plastic and Aesthetic Surgeons – November 22-23, 2018 – Tehran
48. Tip Rhinoplasty Panel - Second International Congress of Renowned Plastic and Aesthetic Surgeons – November 22-23, 2018 – Tehran
49. Chair of the Congenital Skull Anomalies Panel - Annual Congress of the Iranian Society of Plastic Surgeons, June 2019
50. Member of the Cleft Palate Panel - Annual Congress of the Iranian Society of Plastic Surgeons, June 2019
51. Moderator of the Panel on Positive and Negative Outcomes in Various Assistant Recruitment Methods Worldwide – Seminar on New Educational Strategies for Plastic Surgeons in Comparison with Global Standards – February 2022 – Tehran
52. Scientific Secretary of the Continuing Education Conference on Craniosynostosis – 15 Khordad Hospital – August 2022
53. Member of the Hope Foundation Panel (Charity for School Construction) - Congress of the Society of Surgeons – April 2023

54. Pexy Prosthesis Conference - Scientific Association of Plastic and Aesthetic Surgeons of Iran - June 2023
55. Moderator of the Distraction Osteogenesis Panel (Mandibular Distraction) - Society of Surgeons Congress - April 2023
56. Panel on Different Approaches to Aesthetic Surgery Preservation - International Congress of Plastic Surgeons of Iran and ASAPs, November 2023 – Espinas Hotel, Tehran, Iran
57. Speaker in the Panel on Social Responsibility – Health Defenders Summit Hall, President's Office, Tehran University of Medical Sciences – January 2024
58. Panel on Ocular Complications in Craniosynostosis Surgery – Shahid Beheshti University of Medical Sciences – Tehran – February 19, 2024

Articles in foreign and international congresses

- 1-International Congress on Craniomaxillofacial, AOCMF, UAE, Dubai, Dec 2004.

 27- 1st aesthetic congress on facial procedures ,20-22 Feb 2019,Tehran ,Iran
 28-innovation in rhinoplasty, 3-7 feb 2025 ,24th international congress in plastic and aesthetic surgery , Tehran,Iran
 29-cleft lip nose deformity , panel , 3-7 feb 2025 ,24th international congress in plastic and aesthetic surgery , Tehran,Iran

Research projects

1. Project Leader: Study of the prevalence of cleft lip and palate and risk factors in newborns born in educational and treatment centers in Tehran. Project start: 1/8/2001, End: 30/7/2002.
2. Co-Researcher: Kalanter Hormozi A. Epidemiological study of facial bone fractures in patients visiting Ba'ath and Shahrivar hospitals and 15 Khordad during the years 2002-2003.
3. Supervisor: Investigation of the reasons for aesthetic surgery among patients visiting surgical clinics in Tehran in 2005 – Islamic Azad University, Tehran Medical Sciences Unit, School of Nursing and Midwifery, Author: Leila Salehi Zahed.
4. Project Leader: Study on the effect of subcutaneous injection of lidocaine with epinephrine at three concentrations (1:50,000, 1:100,000, and 1:200,000) on tissue necrosis in the distal limbs of rabbits.
5. Project Leader: Study on the effect of local injection of xylocaine, Botox, and surgery on the improvement of migraine headaches and comparison with a control group – Completed.
6. Project Leader: Study on the effect of lidocaine-adrenaline in rhinoplasty
7. Consultant Supervisor: Young girls, women, and body culture: Factors influencing the inclination towards aesthetic surgeries. School of Social Sciences, Allameh Tabatabai University. Author: Ms. Farzaneh –2006.

8. Project Leader: Study on the success rate and results of microvascular anastomosis using autologous fibrin glue and comparison with the suturing method (microsurgery) in animal samples in 2007
9. Project Leader: Study on the success rate and results of microvascular anastomosis using autologous fibrin glue and comparison with the suturing method (microsurgery) in human samples in 2007
10. Project Leader: Study on IQ and emotional-behavioral problems in patients with single suture synostosis operated on between 1996-2012 at Mofid Children's Hospital 2018.
11. Project Leader: Study on the nutritional status of mothers with children suffering from cleft lip with or without cleft palate visiting 15 Khordad Hospital in 2019-2020 – Ongoing.
12. Project Leader: Study on the impact of the COVID-19 pandemic on the number and variety of plastic and reconstructive surgeries and the educational program for specialty residents at 15 Khordad Educational and Treatment Center – Completed, 2021.
13. Project Leader: Study on the results of expanded suturectomy under magnification using a loupe in treating anterior plagiocephaly at Mofid Hospital from 2018 to 2020 – Ongoing.
14. Project Leader: Retrospective evaluation of nonsyndromic scaphocephaly treated with floating bone flaps from 2001 to 2021
15. Project Leader: Development of a strategic program for the subspecialty of plastic, reconstructive, and burn surgery – National Strategic Research Center for Medical Education – Ministry of Health, Treatment, and Medical Education –2023.

Thesis guidance

1. Supervisor: Kalanter Hormozi A. Study of upper lip tumors in university hospitals in Ahvaz in 1995-1996.
2. Supervisor: Kalanter Hormozi A. Study of advanced skin tumors and their reconstruction, 1995.

3. Supervisor: Kalanter Hormozi A. Study of the application of topical antiseptics in outpatient surgical procedures, 1997.
4. Supervisor: Kalanter Hormozi A. Study of cleft lip in Ahvaz in 1994-1995 for obtaining a medical degree.
5. Supervisor: Kalanter Hormozi A. Tissue expansion, 1995 for obtaining a medical degree.
6. Supervisor: Kalanter Hormozi A. Study of simultaneous surgeries of the upper and lower jaw at the 15 Khordad Medical Center from 2001 to 2002 for obtaining a subspecialty certificate in plastic surgery, 2003.
7. Supervisor: Kalanter Hormozi A. Study of burn cases admitted to the 15 Khordad Medical Center for obtaining a subspecialty certificate in plastic surgery from 1996 to 2001, medical degree 2001.
8. Supervisor: Kalanter Hormozi A. Study of cases born with cleft lip and palate in university centers in Tehran from 2001 to 2002 for obtaining a subspecialty certificate.
9. Supervisor: Kalanter Hormozi A. Study of maxillofacial trauma cases referred to the 15 Khordad Medical Center from 1996 to 2004 for obtaining a subspecialty certificate – 2005.
10. Consultant Supervisor: Kalanter Hormozi A. Study of various breast surgery methods (Supervisor: Dr. Sadrollah Motamed) for obtaining a subspecialty certificate 2005.
11. Supervisor: Kalanter Hormozi A. Study on the effect of Botox in candidates for facial cosmetic surgery.
12. Consultant Supervisor: Kalanter Hormozi A. Study of complications resulting from lateral osteotomy using external methods compared to internal methods in cosmetic nasal surgery from 2006 to September 2007 in Babol (Supervisor: Dr. Mohammad Khakzad) (Student's name: Majid Khakzad).
13. Consultant Supervisor: Kalanter Hormozi A. Study of motivations for undergoing cosmetic surgeries and satisfaction levels post-surgery in patients at the 15 Khordad Specialized Hospital in Tehran, years 2005-2006 for obtaining a doctoral degree in plastic surgery.

14. Supervisor: Kalanter Hormozi A. Study on the success rate and results of microvascular anastomosis using autologous fibrin glue and comparison with the suturing method in animal samples, July 2008 for obtaining a doctoral degree in plastic surgery.
15. Supervisor: Kalanter Hormozi A. Study on the retention of a very strong autologous tissue adhesive as a filler, year 2009-2010 for obtaining a general medical degree (Houman Fazl Ali Zadeh).
16. Supervisor: Kalanter Hormozi A. Comparison of the results of open coronal and endoscopic forehead and brow lift surgeries in patients visiting the 15 Khordad Hospital between the years 2005-2009 for obtaining a doctoral degree in plastic surgery.
17. Consultant Supervisor: Kalanter Hormozi A. Study of the conformity of ideal nose measurements before surgery with measurements obtained from rhinoplasty and its correlation with patient satisfaction. Thesis of Dr. Majid Abdolzadeh for obtaining a doctoral degree in plastic and reconstructive surgery, year 2010-2011.
18. Supervisor: Kalanter Hormozi A. Study on the frequency of craniosynostoses referred for reconstruction surgery during the years 1996-2011 to the craniofacial department of the plastic surgery group at Shahid Beheshti University of Medical Sciences. Thesis of Dr. Lotfollah Afzali Boroujeni for obtaining a doctoral degree in plastic and reconstructive surgery, year 2012-2013.
19. Consultant Supervisor: Kalanter Hormozi A. Designing a database for reconstructive hand surgeries for speech-to-text conversion systems. Thesis of Fatemeh Sadeghi for obtaining a master's degree - 2012.
20. Consultant Supervisor: Kalanter Hormozi A. Designing an electronic information system for cosmetic medicine and surgery. Thesis of Sara Moradianpour for obtaining a master's degree, years 2014-2015.
21. Supervisor: Kalanter Hormozi A. Comparative study of the results of cleft lip and palate surgery with and without the use of NAM (Nasoalveolar Molding) at Shahid Beheshti University of Medical Sciences, years 2010-2014. Thesis of Dr. Mohammad Tolouei for obtaining a subspecialty degree in plastic and reconstructive surgery, year 2015.

22. Consultant Supervisor: Kalanter Hormozi A. Study of the epidemiology and demographics of cosmetic surgery in two academic and private centers in Tehran in the year 2013. Thesis of Dr. Simin Maleki for obtaining a medical degree, year 2015.
23. Supervisor: Kalanter Hormozi A. Study of patients with rare congenital craniofacial clefts and treatments performed at the 15 Khordad Specialized Hospital from 2003 to 2013. Thesis of Dr. Farhood Gouravanchi for obtaining a subspecialty degree in plastic and reconstructive surgery, year 2016.
24. Second Consultant Supervisor: Dr. Kalanter Hormozi A. Comparison of psychological symptoms, self-esteem, and sexual performance of married women before and after undergoing cosmetic surgery - Thesis of Mahtab Asgari for obtaining a master's degree in family therapy psychology, Fall 2015.
25. Supervisor: Dr. Kalanter Hormozi A. Study of the results of rhinoplasty in teenage patients from 2003 to 2013 - Thesis of Dr. Roozbeh Rahbar for obtaining a subspecialty degree in plastic and reconstructive surgery, year 2016.
26. Supervisor: Dr. Kalanter Hormozi A. Study of the effectiveness of autologous fat grafting in correcting frontal deformity in untreated patients with anterior plagiocephaly visiting the 15 Khordad Educational Therapeutic Center from 2011 to 2016, year 2018.
27. Supervisor: Dr. Kalanter Hormozi A. Study of the initial treatment results of anterior plagiocephaly with the unilateral oversliding frontal flap technique in patients visiting the Mofid Educational Therapeutic Center from 2018 to 2019, year 2019.
28. Supervisor: Dr. Kalanter Hormozi A. Study of the outcomes and effectiveness of expanded suturectomy in treating anterior plagiocephaly at Mofid Hospital from 2018 to 2020, year 2020.
29. Supervisor: Dr. Kalanter Hormozi A. Study of the outcomes and effectiveness of Bone Shaving Suturectomy and Pericranial Flap techniques in correcting trigonocephaly: a cross-sectional study – year 2022.
30. Supervisor: Dr. Kalanter Hormozi A. Evaluation of complications and outcomes of nonsyndromic scaphocephaly treatment using floating bone flaps in year 2022.

31. Supervisor: Dr. Kalanter Hormozi A. Study of the diversity of cleft lip cases and newly classified cases along with related factors in patients visiting the 15 Khordad Hospital from 2003 to 2024.
32. Consultant Supervisor: Dr. Kalanter Hormozi A. Study of the results of fronto-orbital advancement surgery in patients with nonsyndromic anterior plagiocephaly using modified Z osteotomy technique in the temporal region at the 15 Khordad and Mofid hospitals during the years 2021 to 2023.
33. Supervisor: Dr. Kalanter Hormozi A. Study of the effectiveness of unilateral cleft lip surgery using modified direct closure technique in patients with unilateral cleft lip visiting the 15 Khordad Hospital in Tehran from April 2023 to April 2024.
34. Supervisor: Dr. Kalanter Hormozi A. Comparison of nasal tip droop after open and closed rhinoplasty in patients referred to 15 Khordad Hospital
35. Supervisor: Dr. Kalanter Hormozi A. evaluation of the results of extracranial surgery for moderate hypertelorism in patients referred to 15 Khordad and Mofid Hospital in 2025
36. Supervisor: Dr. Kalanter Hormozi Evaluation of Secondary Surgical Outcomes in Patients with Nonsyndromic Craniosynostosis: Assessment of Craniofacial, Orthognathic, and Aesthetic Corrections in Patients Referred to 15 Khordad and Mofid Hospitals in 2025
